Coeur De Bella Donna

NOMINATION AGREEMENT FOR ARTIFICAL INSEMINATION 2025

This agreement confirms the reservation to the stallion **Coeur De Bella Donna** (hereinafter referred to as the "Stallion") for the 2025 breeding season by the owner or lessee of the mare who places this order (hereinafter referred to as the "Owner"). Owner hereby agrees to breed the named mare on this order (referred to as the "Mare"). Breeding will be done by using the **chilled semen** supplied by Gestüt Bonhomme via Stallion AI Services (hereinafter referred to as "SAIS"), whilst available. Should chilled semen for any reason not be available, then the Owner may use another of the Gestüt Bonhomme stallions available chilled. The Stallion will be available for chilled semen until 31st July 2025.

Terms and conditions:

- This semen is for use within conventional Artificial Insemination or Embryo Transfer cycles only and
- use of the semen for ICSI, or any other advanced reproductive techniques, is not permitted.
- All the semen purchased under this contract must be used on the mare nominated on this purchase.
- Breedings being purchased for use in Embryo Transfer or advanced breeding programmes are entitled to one pregnancy only. If multiple pregnancies are achieved from the same flush or procedure, the **full stud fee** will be charged for each additional pregnancy on confirmation of a heartbeat.
  In the event that more than one foal is born and the breeder fails to notify SAIS, a fine will be issued for the amount of €5,000 + VAT for each extra foal.
- If another Gestüt Bonhomme stallion is used in replacement and semen from the Stallion has previously been inseminated in 2025, the Owner will be required to provide a veterinary certificate to confirm no pregnancy was achieved and any additional stud fee amount will be payable.
- The stud fee **does not** include health papers and semen distribution fees, please request these prices separately.
- The Owner understands that this is a non-refundable, non-transferable stud fee and that no refund will be given under any circumstances, unless stipulated in this contract.
- Chilled semen will be shipped from Gestüt Bonhomme, Germany, for delivery between **Tuesday and Saturday** inclusively, subject to availability.
- **All chilled semen orders must be placed no later than 7.30am (UK time) in the morning and dispatched for a next working day delivery, subject to availability. Please select "EU Chilled Semen Import Shipping and Health Paper Fee - Next Working Day Delivery (Not Guaranteed)" at check out. SAIS recommend for the Owner to confirm their order in the afternoon, the day before the semen needs to be collected and dispatched, to allow plenty of time for the additional required health paperwork to be processed.**
- **Please note that shipments entering UK via Stansted Airport BCP will be subject to an additional £170 + VAT fee for the physical inspection and will be passed on at cost, if applicable.**
- All chilled semen shipments will be sent on a next day before 12 noon service with UPS Premier Gold Healthcare if available to your delivery postcode, otherwise it will be an end of next working day delivery. SAIS and Gestüt Bonhomme hold no responsibility for failed or delayed shipments.
- All prices subject to 20% VAT

This contract is a split stud fee with 1st October 2025 terms - For Fresh/Chilled Semen

With this agreement, the full stud fee is payable upfront, for unlimited attempts until 31st July 2025. If no pregnancy is achieved before 1st October 2025, a refund of €800 + VAT will be made upon receipt of a statement/declaration from the inseminating veterinarian. SAIS reserve the right to deduct any outstanding shipping or health paper fees from the refund amount. If another Gestüt Bonhomme stallion is used in replacement and semen has previously been inseminated in 2025, the Owner will be required to provide a veterinary certificate to confirm no pregnancy was achieved and any additional stud fee amount will be payable. In the event of loss or stillbirth a credit of €200.00 towards the pregnancy rate for the following year will be issued, upon notification. This will be credited for the next breeding season and is not tied to a specific date, though it should be reported promptly.

Covering Certificate Registrations are available for the following studbooks:

Anglo European Studbook (AES), Warmblood Breeders Studbook UK (WBS), British Hanoverian Horse Society (BHHS), Breeders Elite, Irish Sport Horse (foals registered in Ireland only).

Request your covering certificate via the following link:
https://www.stallionai.co.uk/serviceoption/request-a-covering-certificate

Stud Fee: €1,150 + VAT is payable upfront, for unlimited attempts until 31st July 2025. If no pregnancy is achieved before 1st October 2025, a refund of €800 + VAT will be made upon receipt of a statement/declaration from the inseminating veterinarian. SAIS reserve the right to deduct any outstanding shipping or health paper fees from the refund amount.

I agree to take a nomination to this Stallion at the specified stud fee and terms.

I agree to pay the stud fee in full prior to the semen being dispatched.

I agree to and accept the terms and conditions.
