

STALLION AI SERVICES

“Using the latest technology in equine breeding”

ONE DAY TRAINING COURSE FOR **COLLECTION AND ASSESSMENT OF EQUINE SEMEN**

The course will cover the following areas:

- Setting up a collection unit
- Stallion handling
- Stallion training onto a dummy mare
- Semen collection
- Semen handling, fresh, chilled & frozen
- Semen assessment
- Semen dilution
- Semen packaging
- Record keeping

This is a one-day course starting at 10am and finishing approximately 4pm. There will be an opportunity to carry out 3-4 collections. You will be able to fill an AV, collect, assess and package semen by the end of the day. This is a one to one course, however you may bring up to 3 other people.

Who should attend?

The day's course is angled at all levels of experience from students to vets. This training is ideal for anyone who wants to gain experience of equine semen collection and assessment.

Stallion AI Services Ltd

Stallion AI Services has been practising with AI for 20 years. In that time we have collected from over 600 stallions and having carried out approximately 11 000 collections. We are actively involved with semen freezing, Stallion Training and AI equipment sales.
