# TERMS AND CONDITIONS

These Terms and Conditions apply to the provision by Stallion AI Services (SAIS) Ltd of services defined below. This agreement confirms the reservation to the Stallion AI Services agent stallion (hereinafter referred to as the "Stallion") for this breeding season by the owner or lessee of the mare purchasing this breeding contract (hereinafter referred to as the "Owner"). Owner hereby agrees to breed the nominated mare (referred to as the "Mare"). Breeding will be done by using the semen supplied by Stallion AI Services (hereinafter referred to as "SAIS"), whilst available.

Please see below, definitions of the different types of contracts available – It is your responsibility to check you are purchasing the right contract for you and your mare:

## 24 Hour Live Foal Guarantee (LFG) – For Fresh/Chilled and Frozen Semen

Live Foal Guarantee (LFG) means a live foal at birth after 24 hours. If you lose the pregnancy or foal before 24 hours of birth, you are entitled to have a free return the following year and you can order unlimited number of times to achieve one pregnancy. In order to carry the stud fee over to the following year, the Owner would need to provide a "Not In Foal" certificate from their veterinarian. If ordering fresh or chilled semen and this becomes unavailable for any reason, then frozen semen would be supplied instead, shipped individually by the dose.

## No Foal No Fee (NFNF) – For Fresh/Chilled and Frozen Semen

If there is no foal born from the use of the semen, you are not expected to pay a stud fee. This contract is valid until 1st October the year of breeding. Stud fee refunds will be issued upon receipt of a "Not In Foal" certificate from the Owner's veterinarian confirming no pregnancy on the nominated mare, before 1st October the year of breeding. After 1st October that year, any open No Foal No Fee (NFNF) contracts will convert to a Live Foal Guarantee (LFG) and will be carried over to the following breeding year. No refunds will be issued after 1st October the year of breeding.

## Per Dose (Frozen Semen Only)

A dose is made up from a number of straws and 1 (one) dose is equal to 1 (one) insemination. Purchasing semen by the individual dose means that if the semen does not achieve a pregnancy, you are not entitled to a free return or a refund. You would need to purchase more semen if you would like to inseminate again if unsuccessful.

Per Straw (Big Star Frozen Semen Only)

This agreement is for the purchase of **individual straws only**. Should a pregnancy not be achieved with this straw, you would not be entitled to more semen and no refund would be available. There is no live foal guarantee with this agreement. **SAIS advise that the optimal insemination dose for this semen consists of three straws per cycle and Deep Uterine Insemination is recommended****

Straws being purchased for use in Embryo Transfer, or any other advanced breeding program are entitled to up to 1 (one) pregnancy **only** per straw. If multiple pregnancies are achieved from the same flush or procedure, the full breeding fee of £1,750 + VAT will be charged for each additional pregnancy on confirmation of a heartbeat.

**This fee is based on the optimal insemination dose of three straws at £900 per straw

The transfer or re-sale of the straws covered by this agreement is not permitted. If this is your intention, then please complete a "resale" agreement

If the Owner wishes to sell any unused straws covered by this agreement, special permission from SAIS would be required. In that case a receipt of sale, together with a copy of a separate Breeding Contract would need completing for every mare, for SAIS to issue a covering certificate

General Terms and Conditions, which apply to ALL contract types:

- This semen is for use within conventional Artificial Insemination or Embryo Transfer cycles only and use of the semen for ICSI, or any other advanced reproductive techniques, might be permitted upon request
- All the semen purchased under this contract must be used on the mare nominated
- Breedings being purchased for use in Embryo Transfer or advanced breeding programmes are entitled to one pregnancy only. If multiple pregnancies are achieved from the same flush or procedure, the **full stud fee** will be charged for each additional pregnancy on confirmation of a heartbeat scan, unless specified otherwise
- The stud fee **does not** include semen distribution fees, please request shipping prices separately
- The Owner understands that this is a non-refundable, non-transferable stud fee and that no refund will be given under any circumstances (**excluding NFNF contracts** – see 'No Foal No Fee (NFNF) – For Fresh/Chilled and Frozen Semen for further details).
- Should no pregnancy be achieved in the nominated breeding season, the Owner may use the stallion the following season on the same terms on the condition that a veterinary certificate is provided to confirm that the Mare was not pregnant
- This nomination is for 1 mare only. Resale of the semen is also prohibited
- VAT will be applied at the standard rate of 20% to any fee charged

**Shipping and Handling:**

- All distribution costs for the semen shall be the responsibility of the Mare Owner. Semen will only be shipped by SAIS/Cryogenetics upon receipt of payment
- SAIS/Cryogenetics Ltd shall ship semen from the Stallion in viable condition when it leaves the facility. Cryogenetics Ltd and SAIS hold no responsibility for shipping errors, misrouting, or mistreatment of the container by the shipping company, which might result in damages to the semen
- Cryogenetics Ltd and SAIS assume no responsibility for any loss or damage to the Mare. The Owner shall assume all responsibility for the condition of the Mare and shall bear all risk of loss or damage to the Mare whether by death, disease, injury, infection, or otherwise
- Empty frozen semen straws must be returned to SAIS

I agree to take a nomination to this Stallion at the specified stud fee and terms

I agree to pay the stud fee in full prior to the semen being dispatched.

I agree to the terms and conditions.
