EVA			
EHV-1 & 4			
Eq. Influenza			
Tetanus			

CEM

To the best of my knowledge and belief:-

- i) the stallion* and his dam* have never tested positive for CEM.
- ii) the stallion has not had contact with CEM positive horses for a period of at least 60/90* days prior to the date of this certificate.

- Delete as appropriate. (Please contact the Freezing Unit if any deletion is necessary.)

EVA

To the best of my knowledge and belief that there is no evidence to indicate that this stallion has ever shed Equine Arteritis Virus in its semen or been treated with gonadotropin-releasing hormone antagonist.

GENERAL

I, the undersigned, hereby certify that I examined the above stallion on.....(Date), being within 20 days of the agreed date of entry to the A.I. Centre, and found him to be free of clinical signs or symptoms of infectious or contagious disease. To the best of my knowledge and belief there has been no case on the premises where this stallion normally resides of:-

- (a) EVA, EIA, CEM, Eq. Encephalomyelitis, African horse sickness, Vesicular stomatitis, Dourine, Glanders, Borna disease or Surra in the past 2 years.
- (b) EHV I & EHV IV, Vesicular stomatitis, Equine exanthema, Equine Coital exanthema, Salmonella abortus equi within the past 3 months.
- (c) Strangles within the past 30 days.
- (d) Ringworm within the past 30 days.
